

IMPACT 50

IMPACT is a buoyancy aid arising from a close collaboration with the technical staff of the Musto and Montura teams, used on the AC 40 and AC 75 of the America's Cup.

Certified ISO 12402-5, buoyancy class 50 N.

The placement of the Foam PVC cluster and the Neoprene coating guarantee the best ergonomics, absolute mobility and maximum protection.

Closure/opening system with zip and black acetal quick-release buckle.

The front pocket with semi-dry zip can hold devices or small items of equipment.

The two side pockets can carry a knife and/or small line.

On the back is a VHF pocket, the microphone for which can be easily attached to one of the two shoulder straps.

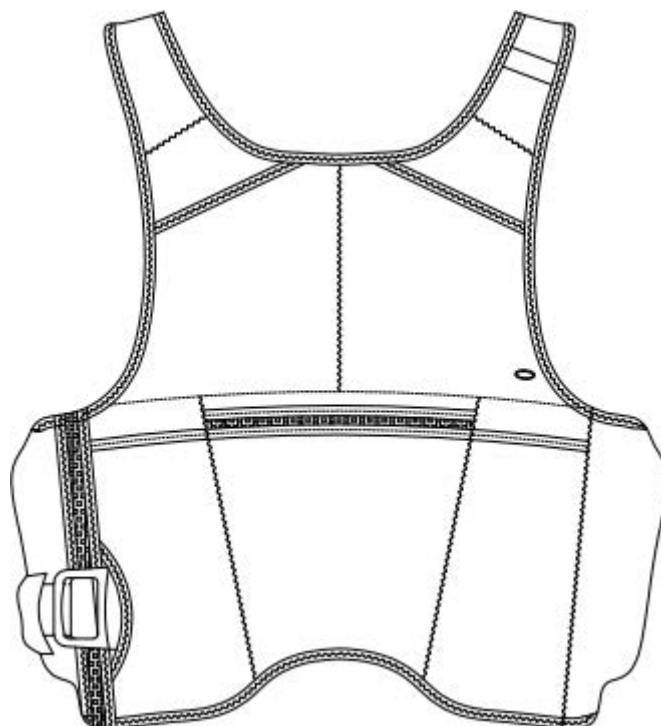

The same attachments can be used to hold an emergency cylinder with its nozzle.
