

WK50

WK50 is a buoyancy aid certified ISO12402-5 and equipped with a harness certified ISO 12401. The vest is equipped with:

- Fastening system with steel buckles and D-ring for the safety belt, with a 45-mm belt positioned at waist level;
- Double quick-release buckle fastening with a 30-mm strap;
- A whistle secured to the vest;
- 5 retro-reflective stitched bands, with four along the central part of the jacket and one on the back;
- Fabric on the hips with elastic for a better fit.

The vest can show personalised information (badge, muster station, ship name, cabin) to be placed inside a special pocket in transparent PVC on the bottom left of the vest.

Designed for professional work activities, the WK50 is particularly wear-resistant and designed for optimal fit and ergonomics for continuous use.
