VIRGO LIFEBUOY

Item 12010

The Virgo Lifebuoy is certified in accordance with SOLAS 74/83, EC 96/98, M.E.D. Regulations and Ministerial Decree no. 385, being designed to ensure maximum safety at sea.
Compliant with recreational boating regulations.

Made of high-density polyethylene with closed-cell polyurethane core, the materials provide extensive strength, lasting durability and excellent buoyancy, even in harsh marine conditions.
Able to withstand temperatures from +65 °C to -30 °C, falling into the sea from heights of over 30 metres, repeated impacts on hard surfaces such as concrete, prolonged immersion in diesel fuel for 24 hours, exposure to open flame and high-load tension tests for extended periods.
The lifebuoy is equipped with a 3-metre rope with a 10-mm diameter to facilitate recovery.

The use of a self-righting floating buoy is recommended for signalling and recovery.
Item: 14010/LED

Suitable for both recreational and professional vessels.

FEATURES Code: 12010	
Type	Lifebuoy
Weight	> 2.5 kg
Size	Dimensions: Outer Ø 62.5 cm – Inner Ø 40.5 cm
