SAFETY TENDER 6.0

Article 47000

The VSG Safety Tender 6.0 is CE-certified and meets the buoyancy requirements of ISO 6185. With an overall length of just 2.5 metres, it can transport up to 6 people.
Its innovative catamaran design, featuring an open bow, makes it easy to re-board after swimming or during a potential man-overboard rescue, also being ideal for safely landing bow-first on a beach. Despite its compact 2.5-metre length, it offers 1.8 square metres of deck space. The two inflatable stabilising fins positioned beneath the tubes ensure maximum stability, speed and reduced fuel consumption.
