

POSEIDON

Article 02010/GI

Poseidon is a life jacket, wearable like a regular vest, certified SOLAS M.E.D. and approved pursuant to SOLAS '74 (83) (M.E.D.) 2014/90/EU in compliance with M.S.C. (81)70 regulations, as amended by M.S.C. (200) 80 M.E.D./1.4. It comes equipped with the fast rotation system for rigid Veleria San Giorgio (VSG) devices, designed and developed in-house. This system works in conjunction with the specific cut and positioning of the buoyant material to ensure the right rotational and tilting forces. Ideal for professional use and crews.

MAIN CHARACTERISTICS:

- Yellow fabric, 210 denier nylon with polyurethane coating, ISO 12402 certified
- Modular collar for extra head protection
- Double front safety buckle with quick release
- Reflective bands, whistle and "buddy system" for attaching to other survivors
- Lifting handle
- Provision for crotch strap
- Buoyancy >150 N
- Customisable on the back

The following types of lights can also be fitted:

- VSG Light - Article 03030
- Daniamant W4-A - Article 03014
- Daniamant W4-A with housing - Article 03014 housing
- Electric Fuel ALX - Article 03015

This life jacket can even be produced in a version complete with a waist safety harness, featuring a buckle and 316 stainless-steel "D" ring, certified ISO 12401 (Article 2010/GI/HX).
