

SAILOR COMPETITION

SAILOR 50 is the buoyancy aid designed for those who live the sea with a dynamic approach and seek the perfect balance between **freedom of movement, comfort and functionality**.

Sailor Competition is a 50 N buoyancy aid compliant with the applicable requirements of EN ISO 12402-5.

The **short-cut construction, ergonomic neoprene shoulder straps**, wide arm openings and adjustment systems are designed to follow the body's movements and provide a stable fit during **sailing, paddling and water sports activities**.

- The **side zip** makes it easier to put on.
- The **leg strap** completes the configuration, ensuring correct and stable use of the buoyancy aid.
- A **large front pocket with a convenient zip closure** provides practical storage for personal belongings.

Designed to move with you

The compact design and ergonomic construction promote **greater freedom of movement**, making Sailor Competition particularly suitable for activities where mobility and comfort are essential.

The product can be customised **on the front pocket or on the back**, according to the customer's communication and visual identity requirements.

MAIN CHARACTERISTICS:

- 50 N buoyancy aid
- Compliant with EN ISO 12402-5
- Short-cut design
- Ergonomic neoprene shoulder straps
- Fit adjustment system
- Side zipper for easy donning
- Front pocket
- Crotch strap adjustable and removable
- Compact and functional design
- Wide range of customization options

Ergonomic neoprene shoulder straps

The soft neoprene shoulder straps follow the shape of the shoulders, contributing to a **comfortable and natural fit**. Their construction is designed to follow the body's movements, reducing friction and bulk around the shoulders while promoting **freedom of movement** during activity.

The **side zip** makes the buoyancy aid easier to put on and remove.

CODE	PRODUCT NAME	SIZE	WEIGHT SUPPORTED	BUOYANCY	CHEST CIRCUMFERENCE
