On the basis of Article 17 of the Regulation, this Certificate allows the manufacturer to affix the following marking to the product described above.

The mark of conformity may only be affixed to the below type approved equipment and a Manufacturer's Declaration of Conformity issued when the production control according to Module C2 or Module D of the Regulation is fully complied with a written inspection agreement with a Notified Body.

"MARKING FORMAT"

XXXX Notified Body number undertaking manufacturing surveillance

#### General conditions for the approval

- a) The initial conditions verified by RINA at the time of the approval are to be maintained
- b) Any changes to the initial conditions are to be promptly communicated to RINA, which reserves the right to repeat the relevant assessment
- c) This certificate will no be valid if the manufacturer makes any changes or modifications to the approved equipment, which have not been notified to, and agreed with RINA
- d) RINA personnel are to be allowed to witness during the performances of activities, upon their request
- e) The activities are to be carried out in compliance with the RINA Rules and/or other applicable Rules
- f) Should the specified regulations or standards be amended during the validity of this certificate, the product is to be reapproved prior to it being placed on the market.
